

## Communication and Swallowing Disorders Following Traumatic Brain Injury

Are you interested in helping us develop communication and swallowing guidelines for children following traumatic brain injury?

### We are specifically looking for:

- Adolescents and young adults who have experienced communication or swallowing difficulties following traumatic brain injury.
- Parents who have a child who experienced communication or swallowing difficulties following traumatic brain injury.

### What is involved?

You may be asked to:

- Take part in one or more phone calls about the guidelines.
- Provide your feedback on the guidelines.

---
